## School Nutrition

National School Breakfast Week (NSBW) celebrates the importance of a nutritious school breakfast in fueling students for success. In these uncertain times, busy weekday mornings make it even more of a challenge for many families to find time for a healthy breakfast, so it is a great time to try school breakfast!

Studies show that children who eat school breakfast are more likely to:

Reach higher levels of achievement in reading and math

Score higher on standardized tests

Have better concentration and memory

Be more alert and maintain a healthy weight

Join Montgomery County Schools Nutrition in celebrating NSBW!
