

Camargo Elementary - First Grade

Suggested Student Schedule - Schools PLP (Digital Learning)

-We created this schedule for further support beginning Sept.8th when learning is all virtual. We hope to be back in school before we know it, but until we can all be together again, we have created the **suggested** schedule below. We hope this helps!

-We understand that this schedule may not work with all parent/guardians' schedules and that is okay! We want you to do what works best for you, so please adjust as needed for your family.

-Please know that the times for the watching the videos/completing the Schools PLP lessons are an estimated amount of time that will be needed. Depending on your child's individual needs it may take them a shorter or longer amount of time.

Schedule Coding

Mondays-Thursdays

- Red- Watch Video Lesson
- Green- Complete Assignment
- Blue – Zoom

Friday –

- Finish Work as Needed
- Work Submission
- Help Sessions (Teachers will Schedule as Needed)
