FIELD TRIPS Reminder for Teachers and Staff

Field trips can be fun and educational for our students. The extra time and planning needed to provide these learning experiences is well worth the effort.

When planning field trips for your students, please don’t forget that your cafeteria staff will need to know well in advance. In order to serve your students to the best of our ability and to maintain the quality of our meals, we ask that the kitchen staff be notified two weeks in advance if a classroom will not be eating in the cafeteria for a day, an extended length of time, or if your students will need lunches. Please communicate with your School Nutrition Manager two weeks in advance by submitting the Notification Form.

Every day your cafeteria staff carefully plan the amount of food they need to prepare. Lack of communicating could result in excessive waste of food.

Please follow the instructions on the Field Trip Roster Form. There is a parent letter that can be used if needed to assist you in lunch counts for the field trip.
